POWERPOINT PRESENTATION

We wish to show your work at Gathering! Please email from 1 to 6 JPG images of your work to: chloefrench@gmail.com. **Please rank the images** so that if we have time to show only a few of them, your favorites will be shown (slides shown will be based on time available and the number of participants). If you wish, please include a photo of your teacher or mentor in the group of six photos. We are encouraging all artist participants to honor their teachers and mentors. Please e-mail all images, in JPG format, to the above email address. If you showed photos of your work at **Gathering 2006**, then please do not submit the same photos for **Gathering 2008**.

Important: All artists must register (online or by snail mail) to be a part of the PowerPoint Presentation (PPP) artist introduction. All artists must submit up to 6 images of their best works. The PowerPoint/Artist Introduction is an important time where everyone attending **Gathering** will have the opportunity to view your best work, to learn who your teachers and mentors are, and to see you and hear your voice.

Each artist's PPP of his or her photos will last about one minute. During this time, the artist will be introducing himself or herself and commenting briefly on the work shown. Since there will be many artists taking part in this PPP, there will have to be strict time limits on each artist. Artists who don't submit photos for the PPP will not be participating in the introductions.

Please note that, if you do not have the ability to send JPG images, then prints of your photographs may be mailed to Chloe French, 426 Highland Drive, Bellingham, Washington, 98225. **Photos will be returned at the Gathering only if specifically requested by the artist.** No slides may be submitted, as we do not have the ability to scan them.

Deadline for submitting JPGs or photos is April 15, 2008.
